EXPERIENCE

Early Investment Manager

TechnipFMC

02/2018 - Ongoing Houston

TechnipFMC is a global oil and gas company that provides complete project life cycle services for the world's energy industry.

- Leads early stage investment process from sourcing to closing, including all relevant analyses and committee presentations
- Cultivates global relationships with peers, co-investors, and startups resulting in an average of 300 companies analyzed per quarter
- Sponsors and manages global technology introduction, pilot projects, and other collaborative engagement models

Investment Strategies Associate

CAZ Investment

05/2017 - 01/2018 Houston

CAZ Investments is a multi-family office that offers both traditional and alternative investment products to institutional investors and high net-worth families.

- Conducted due diligence, quantitative research and deal screening for the firm's investment strategies group
- Presented investment opportunities and helped secure limited partner commitments for funds in excess of \$150mm

Business Operations Manager

UH Division of Research

05/2015 - 05/2017 Houston

The UH Division of Research enhances research infrastructure, improves awards management, and creates new intellectual property.

- Managed accounting team and provided division-level oversight for six nationally recognized research centers
- Ensured fiscal and tech transfer compliance

Infantry Rifleman

United States Marine Corps

10/2007 - 08/2011 Camp Pendleton

The USMC is a branch of the US Armed Forces responsible for delivering combined-arms task forces and known for its asymmetric warfare capabilities.

- Promoted to the rank of Corporal and provided operational and logistical leadership to 16 Marines in high stress combat environments (COIN ops, OEF, Helmand Province, Afghanistan)
- Helped cultivate relationships with local Afghan leadership in an effort to understand key motivations and enable the design and implementation of an area marketing strategy to influence adoption of key US initiatives

SUMMARY

My current role focuses on globally sourcing and analyzing emerging technologies for the energy industry. I get a first look at cutting-edge solutions and I'm fascinated by the code that makes it all happen. I am a self-motivated and self-taught professional who is constantly learning and growing my repertoire of programming languages and tools.

SKILLS

Front End

JavaScript	SASS	jQuery
